TOWN BUDGET

Chapter 129, Laws of 1927, requires the Selectmen to make up a budget for the year ensuing. As the town's requirements for 1928 will not vary greatly from those of 1927 outside of the new bridge and State Aid on John's river and Cushman Brook bridge on which no very close estimation can be given. Copies however, will be posted with the warrant as by law provided. Valuation, April 1, 1927 \$443,512.00. Estimated valuations, April 1, 1928 \$445,500.00. Taxes assessed 1927, \$2.75 on \$100 rate \$12,680.58. Total expenses 1927, \$27,586.29 of which \$10,992.00 was on the new road and Connecticut river bridge, and \$632 on John's river bridge.

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Dalton, in the County of Coos, in said State, qualified to vote in town affairs.

You are hereby notified to meet at the town hall, in said Dalton on Tuesday the 13th day of March next, at 10 o'clock in the forenoon to act upon the following subjects:—

1. To choose all necessary town officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriations of the same.

3. To raise such sums of money as may be necessary for the maintenance of highways and bridges and rolling roads.

4. To raise amount necessary to secure state aid for highways.

5. To raise amount necessary to pay state and county taxes.

6. To raise such sums as may be necessary for the support of the public library.

7. To see if the town will raise money for control of White Pine Blister Rust and, if so, how much.

8. To see if the town will authorize the selectmen to accept from the Connecticut River Development Company, a contribution toward the construction of the Dalton bridge, and in connection therewith, and to

deed to said Company its successors and assigns, flowage rights for a dam at any point on the Connecticut river below said bridge, and will pass such votes as may be necessary for said purposes.

9. To see how much money the town will vote to apply on the construction of the Connecticut river bridge, and road leading thereto.

10. To see if the town will vote to close the Buck road so-called, or any public highway, as provided in Chapter 72 of the public laws as amended by laws of 1925.

11. To transact such other business as may lawfully come before said meeting.

Given under our hands and seal this 23rd day of February, 1928.

SUPERINTENDENT'S REPORT

To the School Board and citizens of Dalton:

I hereby submit the annual report of the Superintendent of Schools.

On the whole the schools of Dalton are in very good condition at present. During the past year the attendance has been better than at any time during the last ten years. This is highly creditable to pupils and parents alike. This regularity has resulted in very much improved work in the several school subjects. The tests that have been given recently show that the work in all the schools is improving steadily. This improvement has been especially noticeable at the Union school, where the pupils were up to the standard for their grades for the first time. The work is progressing very satisfactorily at Scotts and Number Nine schools.

At Number One school there is a very difficult situation. The membership at that school this fall has been thirty-seven pupils with an average attendance of approximately thirty-five each day. This is too great a number of pupils for any one teacher to instruct at one time. When a school becomes as large as this, some remedy must be applied. When a similar situation arose at Union school a few years ago, the pupils were divided into two groups and their schooling was limited to a half day for each group. Of course this was very unsatisfactory and resulted in the slump in school work from which the school has but recent-

ly begun to recover. As a temporary measure, however, it enabled us to get along until the moving of several families furnished relief. Relief at Number One school is not promised in this way. In fact some further increase in the enrollment at this school may be expected when the new bridge is completed.

When this serious situation was called to the attention of Deputy Commissioner Pringle of the State Board of Education, he wrote us to the effect that "there would be no question of our approval of the item (for increased State aid) for a necessary enrollment of thirty-seven or more pupils." And in a later letter Mr. Pringle has written "on account of the extra room there will be an additional allotment of State aid of \$1,082.00 or in other words a total state aid check for December, 1928 of \$3,062.28. It should be clearly understood that this consideration will be given only if the district provides extra school room accommodations that meet the minimum requirements of the State Board."

In plain language this means that the State Board will allow sufficient additional State aid to pay the additional teacher, heat the room, and pay the janitor for care of the same. This will enable the district to furnish satisfactory schooling of these pupils at a very slight additional expense to the district.

The estimate of expenses for the coming year cares for these additional expenses except the necessary changes on the building for which appropriations should be made under Articles 8, 9, and 10 of the War rant for the annual meeting.

Respectfully submitted,

LEONARD S. MORRISON,

Superintendent of Schools
